VOL. 5. NO. 88 MONESSEN, PA., SATURDAY, OCTOBER 6, 1906. SIX CENTS THE WEEK

GIRL ASSAULTED AND MURDERED

LIFELESS BODY HURLED OVER EMBANKMENT INTO DITCH

Horrible Crime Took Place in a Lonely Wood on Manown Farm—Body Discovered by Father and a Party of Searchers this Morning

Mother is Crazed by Grief.

Never in the history of this section, has a more horrible or revolting assault and murder been committed than that which was brought to light, at 10 o'clock this morning, by the discovery of the dead body of little Annie Hertric, the eight years daughter of Mr. and Mrs George Hertric, of this city, in a pasture field, on the Manown farm, about a mile south of this city.

Her throat was cut from ear to ear, the head being almost severed from the body. Not the slightest clue has as yet been found, which would throw any light on the identity of the fiend or fiends who committed the devilish assault and then after satisfying their devilish passions, cut the throat of their victim, and left the body lay.

VICTIM DISAPPEARED LAST NIGHT.

The little girl left home about 4 o'clock yesterday afternoon to bring home the cow which is pastured on the Manown farm. She failed to return at the usual time and her parents began to fear for her safety. When at six o'clock the animal came home without the little girl their alarm became grater but they waited however until the curfew should ring, thinking that the child had probably gone to the home of a friend. When at 10 30 o'clock she had failed to return, the authorities were notified and a searching party was organized.

The pasture field and the road leading to it was search d, but no trace of the missing child could be found. At a early spot near where the dead body was found this morning, the searching party met two negroes. They were asked if they had seen anything of the missing girl but said they had not. One said that a savage bull which was kept in an adjoining field, had broken out during the evening, and that it had probably killed her. Little credence was given their story, and the search was continued until late into the morning. The child's father and brother, and Peace Officer Albert Alcorn, and a number of citizens were among the party.

FATHER DISCOVERED THE BODY.

In the early hour this morning the father and a number of others again resumed the search. It was about 10 o'clock this morning when the father was attracted to a deep ditch, which crosses the pasture by a quantity of blood could be noticed along the bank. He investigated and the sight which met his gaze was horrible to the extreme. Lying in the ditch, the clothing drenched with blood, and with every evidence that the fiendly perpetrator had succeeded in his foul purpose, the body lay half covered in the tall weeds. Mastering his grief the father gathered the little form up in his arms and tenderly bore it home. The anguish of the mother, whose first knowledge of her child's death was when the body was born into the house, was terrible to see. She is almost heart broken.

CORONER WYNN NOTIFIED

As soon as possible after the murder was discovered, Coroner Wynn was notified. He arrived on the 2 20 train and made arrangements to hold an inquest next Wednesday morning.

Chief of Police Woolsey accompanied by Officer Kepple and Truant Officer Alcorn and a party of citizens went to the scene of the murder this morning.

They searched the entire vicinity, but could not discover the slightest clue. An armed posse of citizens left town at noon, and are scouring the hills for the perpetrator of the crime. But, there is little or no clue that will lead to the apprehension of the guilty person.

Grand Opening.

The grand opening at Janavitz store last night was a very successful event, and hundreds of people visited the store for the purpose of inspecting the new and up-to date stock of millinery goods. The most critical buyers of the town was out in numbers, and Mr Janavitz is highly pleased with the success of the affair. French's orchestra furnished most excellent music for the occasion.

AN APPEAL TO TAXPAYERS

Are Working Dilligently for an Equalization of Real Estate.

The School Directors association of Westmoreland county is still working dilligently with the township and ward assessors for an equal valuation of real estate in the county. It has been discovered that many individuals and corporations are doing all in their power to embarass the assessors in the discharge of their duties. Anent this, the committee in charge of the work of the association is sending out the following circular letter which is self explanatory.

School Directors' Association
of Westmoreland county
Jeannette, Pa., Oct. 5, 1906

To the Taxpayers of Westmoreland Co.

"It has come to the knowledge of the School Directors Association committee that certain corporations and individuals are embarrassing the assessors in the triennial assessment, by endeavering to induce them to violate the law. The difficulties which beset the assessors are numerous enough, without their being pestered by the veteran tax dodger.

The law is plain enough that the assessor must value all property "at what he believes it will sell for at a bona fide sale after full public notice." He who interferes with the assessor in making such assessment is not a law-abiding citizen, and lends himself to the commission of a misdemeanor. Those who think the law should be otherwise than it is written, should spin theories before the legislature at Harrisburg. The assessor has no authority to change the law.

The law abiding corporation and citizens will not refuse to aid the assessor by giving full information as to the cost of lands and buildings the amount of insurance on the buildings, and all other information necessary to ascertain the actual cash value of taxables. To mislead or intimidate the assessor, or to induce him to violate his oath of office, is most reprehensible. He who defrauds the county, school-district, borough or township out of his lawful share of the taxes should lay no claim to good citizenship.

When it is realized that millions of dollars' worth of property in this county is assessed at ten to twenty-five per cent of its value whilst that of the poorer farm and home-owner is assessed at eighty to 100 per cent, it behooves all good citizens to interest themselves in getting this assessment as nearly right as possible, failing to do so, they should hereafter complain of high taxes. As it requires a certain amount of money to run the county, the schools, townships and boroughs, when millions of dollars worth of property escapes legal taxation, the burden thereby becomes heavier on those legally assessed, and these must pay not only their own but the dodger's share.

The patriotism of peace dictates that all good citizens will aid and support the assessor in carrying out the law. The tax-dodger should become odious."

EXPLAINS HER POSITION.

"Regarding an article which appeared in Thursday's issue of the Independent I wish to say the following.

"I have paid taxes on the property in question for the past five years and have had plans drawn up for a building at the corner of Schoonmaker avenue and Fifth 2 yeors street but have had to defer building of same owing to there being no sewer with which to make connections. I petitioned council to lay sewers to within a reasonable distance, but this was refused. There is only six lots in the alley that have no sewer.

I do not ask to sewer to Donner avenue, but ask for a permit to connect with the sewer in the alley. I am willing to sewer all of my property, but do not intend to sewer other people's property.

I think it is the duty of the borough to sewer the streets and my duty to pay for the permit to connect with the same. They want me to sewer 35 feet in the alley and 115 feet along the street car line, when I only own 26 feet on Eleventh street.

RAILROAD COMPANY DON'T WANT GRADE CROSSING

First Hearing Before Judge McConnel Friday Regarding the Opening of River Street---Railroad Company Asked that Petition be Dismissed

Hundreds of Recruits Wanted.

Commander C H Harlow, in charge of Pittsburg's naval recruiting station for the United States government, has begun a systemic campaign to draw hundreds of recruits from Pennsylvania, eastern Ohio, West Virginia and Maryland, for service aboard Uncle Sam's new battleships. Every county in the state has been districted and every place within 10 miles of the county seat will be advertised. This practice will also be followed out in the other states, adjoining Pennsylvania and Commander Harlow says that even Philadelphia will have to look to her laurels, because he intends to reach over into Chester county for able bodied men.

Before Judge Alexander McConnel Friday the first hearing was given regarding the opening of "River street" and establishing a grade crossing over the tracks of the P. & L. E. railroad company in Monessen. The city now owns all the property that is required for the opening of the street and the fact that it is impossible to get to the river without crossing the tracks at grade, makes the situation all the more alarming for the railroad company which is now making a lone fight to defeat the issue at stake for the welfare of the Monessen people.

The attorneys for the railroad company asked for an ultimate dismissal of the petition, but Judge McConnel refused to grant the request and appointed W. S. Byers, J. L. Pinkerton, attorneys and Warren Mitchell engineer, to take testimony.

No date was set for the hearing, but it will likely take place in Monessen in about two weeks. The attorneys for the railroad are doing everything in their power to defeat the opening of the proposed street by trying to show that it is impossible to go under the tracks at Second street. A. M. Wyant and Hon. E. E. Robbins are attorneys for the borough of Monessen.

The Helmet in the Schoolroom.

German schoolmasters are said to have had much to do with the victory of the Germans in their late war with France, and in this connection Sir Henry Roscoe tells this incident of his inspection of the professional school in Rouen, France. "Among the usual objects I noted with surprise a Prussian soldier's helmet. On being asked why he placed it there the schoolmaster stated that it was picked up in the streets of Rouen during the German invasion. And he added that it was of great service to him, for when the scholars did not attend to their work he used to bring this down and put it in his desk and, pointing to it, say: 'Now, if you do not make progress and learn properly this will happen to you again. The surest way to bring it upon you is to neglect your studies and grow up in ignorance and to become inferior in intellectual training. The display of that helmet,' explained the director, 'never fails to bring the blush of shame to the cheeks of my students and to rouse their patriotism and their zeal for their studies.'"

Women Cannot Cut Diamonds.

"A lot of women seem to be possessed these days of an ambition to learn the trade of diamond cutting," the New York Sun reports one jeweler as saying. "Every little while an applicant for a situation as an apprentice gives us a call. But we can't afford to give them a trial. They can never master the art. In other branches of the jewelry trade women have made some unqualified successes. Not one of Eve's daughters, from royalty down, I should say, that isn't an artist in the wearing of diamonds. Many are well versed in the tricks of buying and selling them, while others give excellent satisfaction in polishing and preparing them for the market. But when it comes to the real cutting of the stones they lack the patience, judgment and steadiness of nerve which constitute the expert's stock in trade."

The Marvel of Notre Dame.

Often as I have seen Notre Dame, the marvel of it never grows less. I go to Paris with no thought or time for it, busy about many other things, and then on my way over one of the bridges across the river perhaps I see it again on its island, the beautiful towers high above the high roofs of houses and palaces, and the view, now so familiar, strikes me afresh with all the wonder of my first impression. The wonder only seems greater if I turn, as I am always tempted to, and walk down the quays on the left bank, the towers before me and with every step coming more and more completely together, by the Pont Neuf, to the island and at last to the great square where Notre Dame fronts me in its superb calm.—Elizabeth Robins Pennell in Century.

Why He Quit the Game.

"Take a hand?" queried Smith as Jones stood watching the poker game at the club.

"No. Quit."

"What's the matter—cold feet?"

"No. I always come out loser."

"I never saw you lose in my life."

"I know you never saw me, but I lose. If I happen to win a little here, my wife smilingly insists on my dividing my winnings when I go home. If I lose, I get a lecture on the evils of gambling, and the next day, in order to get even, my wife runs bills down town to the amount I lost. If I tell her I came out just even, she takes half the money to prevent my losing all I have, so I am bound to lose."

If You Suffer with Rheumatism

Dr. Shoop's Rheumatic Remedy Will Bring the Utmost Relief that Medicine Can.

The one remedy which many physicians rely upon to free the system of the Rheumatic Poisons which are the cause of all Rheumatism, Lumbago, Sciatica, Gout is DR. SHOOP'S RHEUMATIC REMEDY. Dr. Shoop spent twenty years in experimenting before he discovered the combined chemicals which made possible one almost always certain cure for Rheumatism, etc. Not that DR. SHOOP'S RHEUMATIC REMEDY can turn bony joints into flesh again—that is impossible. But it can and will drive from the blood the poisons which caused the pain and swelling. And then that is the end of the pain and swelling—end of the suffering—the end of Rheumatism. This remedy never fails where a cure is possible. It is now put up in tablet or liquid form—ask for either. You who have suffered and are suffering today from pains and aches which you know to be Rheumatism, you who experience lameness or twinges of pain in damp weather; you who easily become stiff and lame without apparent cause, just try DR. SHOOP'S RHEUMATIC CURE. It is just the kind of a remedy that accomplishes results. Sold and recommended by

Gentlemen: I bought three bottles of your medicine from my druggist. The medicine rendered me very good service, but I am sorry to say that the druggists here are all sold out of your medicine. I should have bought six bottles instead of three. I will gladly take six bottles of the Nervine and Blood Tonic, and request that you write me, if you are able to read this, for I am rather old to write. I have suffered six years from NERVOUS TROUBLE, caused by a fall, and my whole body remained in a tremble, but no pain. Every doctor I consulted failed to help me, and I was compelled to give up all housework. Then I read your advertisement and bought your medicine, and almost immediately after commencing its use I was a new woman. I hope you will write me at once, and tell me how much money I must send, as I am anxious to get to using your medicine again soon. With most hearty regards, I remain,

A Patented Plant.

"One plant at least has been patented," said an inventor. "It is the Abrus precatorius, alias paternoster pea, alias weather plant. John Nowack took out the patent. The weather plant is still believed by many persons to foretell the weather. John Nowack was sure it did so, and he put it on the market along with an indicating apparatus, guaranteeing it to foretell for forty-eight hours in advance and for fifty miles around fog, rain, snow, hail, earthquake and depressions likely to cause explosions of fire damp. Alas for poor Nowack! The experts of the bureau of agriculture took up his patented plant. They proved that the movements of the leaves—to the right foretelling rain, to the left foretelling drought—were not caused by the weather, but by the light. And they proved that the plant's famous downward movement, which was supposed to foretell earthquake, was caused by an insect that punctured the stem, causing the leaf, naturally, to droop. That is the only patented plant I know of, and Nowack lost money on it."

HAPPY WOMEN.

Wouldn't any woman be happy,
After years of backache suffering,
Days of misery, nights of unrest,
The distress of urinary troubles,
To find relief and cure?
No reason why any reader
Should suffer in the face of evidence like this:

Mrs. Almira A. Jackson, of East Front St., Traverse City, Mich., says: "For twenty years I was doctoring for kidney and liver trouble but without benefit. Just before I began using Doan's Kidney Pills I was almost paralyzed. I could hardly stand on my feet because of the numbness and lack of circulation. Had a knife been thrust into my kidneys the pain could not have been more intense. My sleep was disturbed by visions of distorted figures. The kidney secretions were annoyingly irregular, and I was tortured with thirst and always bloated. I used seven boxes of Doan's Kidney Pills. The bloating subsided until I weighed 100 pounds less, could sleep like a child and was relieved of the pain and the irregularity of the kidney action. My circulation is good and I feel better in every way."

A FREE TRIAL of this great kidney medicine which cured Mrs. Jackson will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all druggists; price, 50 cents per box.

HOW TO SAVE $100.

Buy your pianos at Frederick's. You will save $100 on the purchase of a piano, the same instrument that will cost you $100 more if you buy from another dealer Why? W. F. Frederick operates over sixty stores and agencies. The largest piano concern between New York and Chicago. Buys the annual output of many instruments he is selling, and retails to the people at factory prices We do not deal in cheap pianos. We are asking you the same price for a good piano, as you will pay for a worthless one, and think you are getting a bargain Where is the guarantee? We guarantee all our instruments to be first-class, and stand by every word we say.

"Think a minute" Come to our store and we will help you make the selection of a piano that will be an ornament in your home We will make the price satisfactory. Your old instrument taken in exchange.

An ordinance authorizing the grading curbing and paving of that section of Tenth street lying between Donner avenue and Schoonmaker avenue in the Borough of Monessen, Westmoreland County, Pa., directing the Borough Engineer to prepare proper plans and specifications and authorizing the President and Secretary of Council, and Chairman of Streets and Roads Committee and Borgess to give all necessary legal notices to enter into contract for the construction of the same and providing for the expense the eof.

WHEREAS, Donner Avenue and Schoonmaker Avenue are paved and improved streets and a section of Tenth Street lying between said Donner Avenue and Schoonmaker Avenue is unimproved and in one hundred eight -two (182) feet in length and—

WHEREAS, it is desired to grade, pave and curb that section of Tenth street lying between the said Donner and Schoonmaker Avenues in accordance with the act of May 31, 1897, and its supplements and assess the damages and benefits as provided therein

SECTION 1. Now, therefore, be it ordained and enacted by the Borough of Monessen in Council assembled, and it is hereby ordained and enacted by the authority of the same that that section of Tenth Street in the Borough of Monessen, Westmoreland County, Pa., be graded curbed and paved in the following manner and along the route hereinafter set forth:—Beginning at the south line of Donner avenue and extending a distance of one hundred eighty-two (182) feet to the North property line of Schoonmaker Avenue in the Borough of Monessen, Westmoreland County, Pa., the said section of Tenth Street shall be graded, curbed and paved along the route laid out and established on the official plan of streets of the Borough of Monessen, on file in the office of the Borough Engineer.

SECTION 2. That the Borough Engineer and Committee on Streets and Roads prepare and they are hereby directed to prepare proper plans and specifications for curbing, grading and paving the aforesaid section of Tenth Street between the points above set forth, to give all legal notices and to advertise for sealed proposals for the construction of said grading, curbing and paving in accordance with said plans and specifications

SECTION 3. That the Streets and Roads Committee, President and Secretary of Town Council and Burgess, upon the acceptance of the Borough of any bid or bids for grading, curbing and paving with block, brick or stone of the said section of Tenth Street between the points aforesaid, shall execute and deliver proper contracts for completion of the same in accordance with the proposals accepted and plans and specifications adopted as aforesaid.

SECTION 4. That the costs and expenses of grading, curbing and paving of that section of Nith Street between the points aforesaid be assessed and collected as provided by the Act of Assembly.

SECTION 5. That all ordinances or parts thereof inconsistent herewith be, and the same are, hereby repealed.

Ordained and enacted in Council assembled this day of October A. D. 1906.

The new Pure Food and Drug Law will mark it on the tabel of every Cough Cure containing Opium, Chloroform, or any stupifying or poisonous drug. But it passes Dr. Shoop's Cough Cure as made for 20 years, entirely free. Dr. Shoop all along has bitterly opposed the use of all opiates or narcotics. Dr. Shoop's Cough Cure is absolutely safe even for the youngest babe—and it cures, it does not simply suppress. Get a safe and reliable Cough Cure, by simply insisting on having Dr. Shoop's. Let the law be your protection. We cheerfully recommend and sell it. Sold and recommended by all dealers.

When the tip of a dog's nose is cold and moist, that dog is not sick. A feverish dry nose means Dry, cracked and colorless lips means feverishness, and are as well ill appearing. To have beautiful, pink, velvet-like lips, apply at bedtime a coating of Dr. Shoop's Green Salve. It will soften and heal any skin ailment. Get a free trial box, at our store, and be convinced. Large nickel capped glass jars, 25 cents. Sold and recommended by all dealers.

For the Stomach Heart and Kidneys

Dr. Shoop's Restorative is a Cause Cure—not a Symptom Cure.

It is a common mistake to take artificial digesters for stomach troubles—or heart stimulants for weak heart or so-called kidney remedies for diseased kidneys. The organs do not act separately or of their own accord—they have no control over themselves—and not once in 800 times is the sickness the fault of the organ. It is the fault of the nerves which control the organ—and only through these nerves can stomach, kidney or heart disorders be cured. Dr. Shoop, of Racine, Wisconsin, learned early in his medical experience that these inside nerves were the power nerves—that through them only was it possible to cure indigestion, heart burn, belching, insomnia, backache, heart weakness, and Bright's disease and all other affections of the kidneys. For all of these ailments are not separate sicknesses and are not to be treated as such. They are merely symptoms of inside nerve weakness, and when the nerves are restored the symptoms and the sickness disappear. The remedy which Dr. Shoop prescribed for these ailing nerves is known as Dr. Shoop's Restorative. It relieves the pain and distress of kidney, stomach and heart troubles quicker even than those medicines designed simply to give temporary relief. Dr. Shoop's Restorative (Tablets or Liquid) can now be had of druggists everywhere and sold by

CAPILLARIS

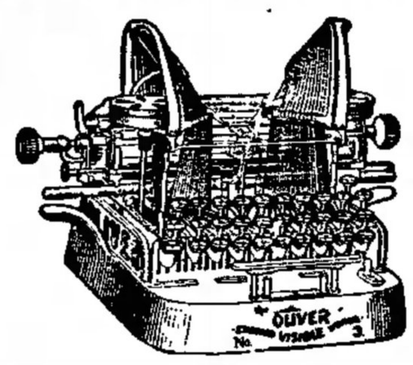
A permanent cure for all Skin and Scalp diseases. Hundreds of thousands who have been cured by Capillaris are recommending it to suffering friends. Capillaris is beneficial to the Hair and Scalp. By using it one can keep the Scalp clean, cool and white, giving a perfect state of health and ensuring an abundance of luxuriant hair of natural color.

Chronic cases of Skin and Scalp diseases of five to forty years' standing, cured by Capillaris, prove, beyond all question of a doubt, that Capillaris has no equal for its wonderful curative qualities. Baby humors, terrible itching, bleeding, burning, torturing are invariably cured with less than one 50c bottle.

THIS TYPEWRITER DELIVERS THE GOODS

It's the Oliver—the Standard Visible Writer.

The Oliver Typewriter is just like an athlete stripped for a race



It is free from unnecessary multiplicity of wires and springs

No net work of flimsy keys to get tied into hard knots

The nimble fingered stenographer can put talk into type with this machine just as rapidly as she takes your dictation.

For no matter how swiftly she writes, she can see just what she's doing

The keyboard is so wonderfully responsive to the touch of the finger tips that speed comes without effort.

The factors that make for speed are its visible writing, its light, elastic key-touch, and it's all 'round simplicity. It has the fewest possible wearing points, and it prints with a downward stroke.

The OLIVER Typewriter

THE STANDARD VISIBLE WRITER

is a flawless piece of mechanism, combining the strength of tested steel with the perfect adjustment of the works of a watch. You can use an Oliver a life time and the type will not lose alignment

It never suffers from nervous prostration; requires only a little oil and plenty of exercise to keep it at the highest point of efficiency.

The hum of Oliver Typewriters is heard in the most progressive business houses in the land Sales increasing at a phenomenal rate. Get acquainted with the Oliver! Write for the Oliver book—we send it free with our compliments.

A Patented Plant.

"One plant at least has been patented," said an inventor. "It is the Abrus precatorius, alias paternoster pea, alias weather plant John Nowack took out the patent. The weather plant is still believed by many persons to foretell the weather John Nowack was sure it did so, and he put it on the market along with an indicating apparatus, guaranteeing it to foretell for forty eight hours in advance and for fifty miles around fog, rain, snow, hail, earthquake and depressions likely to cause explosions of fire damp. Alas for poor Nowack! The experts of the bureau of agriculture took up his patented plant They proved that the movements of the leaves to the right foretelling rain, to the left foretelling drought - were not caused by the weather, but by the light. And they proved that the plant's famous downward movement, which was supposed to foretell earthquake, was caused by an insect that punctured the stem, causing the leaf, naturally, to droop. That is the only patented plant I know of, and Nowack lost money on it."

Days of misery, nights of unrest,
The distress of urinary troubles,
To find relief and cure?
No reason why any reader
Should suffer in the face of evidence like this:

Mrs. Almira A. Jackson, of East Front St., Traverse City, Mich., says: "For twenty years I was doctoring for kidney and liver trouble but without benefit. Just before I began using Doan's Kidney Pills I was almost paralyzed. I could hardly stand on my feet because of the numbness and lack of circulation. Had a knife been thrust into my kidneys the pain could not have been more intense. My sleep was disturbed by visions of distorted figures. The kidney secretions were annoyingly irregular, and I was tortured with thirst and always bloated. I used seven boxes of Doan's Kidney Pills. The bloating subsided until I weighed 100 pounds less, could sleep like a child and was relieved of the pain and the irregularity of the kidney action. My circulation is good and I feel better in every way."
A FREE TRIAL of this great kidney medicine which cured Mrs. Jackson will be mailed on application to any part of the United States. Address Foster Milburn Co., Buffalo, N. Y. For sale by all druggists; price, 50 cents per box.

DOINGS IN POLICE COURT

Joe Parkis, Mike Cudiolla, James Pepeck and Mike Polinski, together with Martin Ashton, all Slave, were arrested near Thirteenth street Saturday night by Officer Wheatley charged with creating a small riot.

Topeck and Polinski had gotten into a drunken fight and were hurling stones at each other. One of the stones struck Ashton's house and he, grabbing his revolver, took it upon himself to act in the combined capacity of peace maker and cop with the above results.

When the officer came upon the scene Ashton who was armed with a 22 caliber revolver was on the trail of the other four in earnest. He got them on the run, and was firing off his revolver at every jump, when the little affair was interrupted by Wheatley. All were lodged in the lockup, and were given a hearing yesterday morning. Topeck and Polinski plead guilty to the charge of being drunk and disorderly and were each fined $14 and costs. According to the evidence the other two who it seems were only bystanders were discharged Ashton in explaining his wild west tactics, stated that he was just trying to break up the scrap.

Mayor Shutterly explained that such promiscuous shooting was a menace to the safety of pedestriane, and that it would not be tolerated. In order that he should not forget and repeat his boi-terous conduct, Ashton was fined $5 and costs.

Thomas Campbell, charged with being drunk, was also arraigned before his Honor. He plead guilty, and was fined $2 and costs. Mike Harinski plead guilty to being drunk and disorderly, and drew $2 and costs.

BLACK HAND MAN ARRESTED.

The postal authorities succeeded in capturing an alleged "Black Hand" operator at Brookville yesterday by means of a decoy letter. The prisoner is an Italian named Ricardi. The proprietor of a hotel at Monongahela several days ago received a letter demanding $1,000, with the burning of his hotel as an alternative

A few days later another letter was received, in which the amount demanded was $2,000, and for failing to deliver was that the hotel would be burned and the proprietor and his family within it. The money was to be forwarded by mail to Brookville, to reach the writer by October 6.

The letters were turned over to the postal authorities and a decoy letter was sent to Brookville. Detectives were sent up from Pittsburg. During the afternoon an Italian laborer called for the letter. He was arrested while he stood at the delivery window and taken to Pittsburg last night.

Webster Teachers Still Resigning.

Another vacancy now exists in the Webster public schools, made by the resignation of Miss Tomor which took effect last Friday. The school board has been facing the teacher problem since the opening of school, but it still remains unsolved. No less than five of the teachers elected, including the principal have resigned. Township Supt. Elder had charge of the schools until last Monday when Prof. Toppler of near Greensburg, was elected principal. Miss DeHaven is filling the vacancy made by Miss Tomer's resignation.

"In a few days I'll be well," said Mrs. Johnson when she bought a 50c box of Mona stomach tablets at Miller pharmacy. And she was.

Popular Prices on Women's Tailormade Suits.

Here in the city there is more demand for tailor suits at $25.00 than at any other price. This has been the case for some time, consequently we always make an extra endeavor to show not only the handsomest suits obtainable to sell for $25.00, but also the greatest variety of styles it is possible to show at that figure.

One of the most admired suits we are now exhibiting at the $25.00 price is of fine unfinished worsted in black. The coat is a thirty-two inch affair, with tight fitting back and fly front. The skirt is one of the new full kilted models. The entire suit is a specimen of good workmanship. The coat is lined with black satin. Altogether a splendid value for the price.

At $18.00 we have a very jaunty little suit of soft finished worsted in light and dark gray broken plaids The jacket is twenty inches long, tight fitting and collarless. It is trimmed quite elaborately with black braid, which gives it a military aspect Lined in black taffeta. The skirt is a fifteen-gored, side-pleated affair, finished with braid around bottom to match coat.

Ask for No. 1015.

At $20.00 we can offer a chic little coat suit of fancy worsted in gray plaid effect. Twenty-two inch coat, with half fitting back and new, double-breasted cutaway front. Collarless, with trimming of velvet and braid. Breast pocket and two side pockets. Full sleeves with fancy turn-over cuffs. Lining of soft gray satin. Thirteen-gored skirt, double box pleated front and back, with side pleats between.
